Activities:

During the summer quarter I participated in a three day conference in Washington, D. C. which dealt with future activities of the Research Council of the American Association for Health, Physical Education, and Recreation. In addition, I prepared my year's research for publication. Also, I conducted one additional investigation which dealt with "The Alteration of Perceptual and Metabolic Functions by Means of Hypnotic Suggestion." During this quarter I also attended weekly seminars in the Institute of Environmental Stress.

I departed the Institute on August 15 and assumed my new position at the University of Wisconsin on September 1. My new address is:
